Experience

Senior software engineer, Phrase
2022—2023
I was mentoring junior developers and leading a couple of large team efforts.

Senior software engineer, Packeta
2019—2022
I was one of three engineers to build a new API platform from scratch.

CTO, Cloudaper
2016—2018
I led a small team as a technical hands-on CTO.

Senior software engineer, Cloudaper
2016—2016
I introduced automated testing and continuous integration to the team.

Software engineer, Red Hat
2015—2015
I maintained Ruby on Rails stack in Fedora as a Linux packager.

Associate software engineer, Red Hat
2012—2015
I helped with Ruby maintaintenance in Fedora and developed internal tools.

Education

Master in Service Science, Management and Engineering
2018—2020, Faculty of Informatics, Masaryk University

Bachelor in Applied Informatics
2013—2021, Faculty of Informatics, Masaryk University

Publications

Deployment from Scratch
2022

Kamal Handbook
2024

Test Driving Rails
2024

I am a software developer with a passion for product. I love bringing ideas to life and sharing my knowledge which led me to publishing technical books.

References

Josef is an excellent developer with a lot of knowledge and experience. For many tricky Ruby questions you will find that he already has published the answer on the web.

Sönke Behrendt
Software engineer, Phrase

It was an absolute pleasure working with Josef at Phrase. He is incredibly knowledgeable and an amazing team player who I had the pleasure of pair programming with on multiple occasions.

Elizabeth Orwig
Software engineer, Phrase
